

Welcome to the SSG Paul D. Savanuck Memorial Library

The Savanuck Library is located in room 1161, just inside the staff and faculty entrance to DINFOS. It is open 0700-1700, Monday through Friday. We are closed on the weekends and on all Federal holidays.

Our goal is to provide professional assistance to students, faculty and staff in searching for, accessing and retrieving information, whether in print, electronic, or Web-based format. The focus of our print collection reflects the courses of instruction at DINFOS: journalism, photography/photojournalism, broadcasting, public affairs, etc., although we increasingly operate in the virtual environment through links to Web-based databases and indexes and to Web sites.

The library has 24 public access workstations, on all of which are loaded the software students need to complete many of their class assignments. Printers, a photocopier, and VCR/DVD players are available for use. A small conference room accommodates groups engaged in private study sessions.

Library staff welcomes any questions or comments about the Savanuck Library. Please call (301) 677-4692, or send e-mail to: Savanuck Library.

Please use the links below to access the Library's resources. They are accessible 24/7; those marked "DINFOS Only" may be accessed only from within the schoolhouse or the detachments.
