

From The Garrison Chaplain

**Welcome to Fort George G. Meade –
Home to the Nation's Platform for
Intelligence, Information, and Cyber Operations!**

Since its beginning in 1917, when the U.S. Army first began constructing Camp Meade, until today, Army Religious Support Team members have been here serving the community. Although we have gone from saddles to cyberspace over the decades, our commitment to excellence in religious support has not changed. We strive to serve faithfully and we invite you to join us in that journey of faith.

Religious Support Mission: To provide excellent opportunities to the Post community that strengthens the vertical and horizontal relationships of faith that helps us touch God and care for one another.

Religious Support Priorities. These are the priorities that drive and motivate the religious support office:

- Religious Worship – Provide for the Free Exercise of Religion through quality and life impacting worship programs.
- Religious Education – Deliver religious education programs of excellence that build solid foundations in the spiritual development of the worshipping community.
- Religious Counseling – Offer pastoral care and counseling to all branches of the military services, civilian employees, retirees, and family members in the Fort Meade community by offering professional and compassionate counseling care to the whole person.
- Spiritual Fitness – Promote the individual's healthy value system (ethics, moral compass, character) by encouraging one's search for meaning and purpose through connectedness to others and encouraging the pursuit of religious beliefs and experiences in life.

Again, you are invited to join us in this exciting journey to fully express faith in God in everything you do. We look forward to serving you, partnering with you in ministry, and drawing from your unique gifts and experiences to empower the Fort Meade Family for life of service to the Glory of God!
