

# Information for Digital Multimedia Course (DMC)

**ATRRS Course Number:** DINFOS-DMC

**ATRRS Course Catalog:** <https://www.atrrs.army.mil/atrrscc/>

## Course Schedule

Class	Report Date	Start Date	End Date	Class Type
010-21	01/18/2021	01/19/2021	03/09/2021	Resident
020-21	05/10/2021	05/11/2021	07/01/2021	Resident
030-21	07/11/2021	07/12/2021	08/31/2021	Resident

## Course Description

The Digital Multimedia Course (DMC) provides intermediate level training in the knowledge and skills needed to create and integrate text, graphics, sound, animation and full-motion video into multimedia and web-based packages. The course includes instruction in the operation of computer systems, input devices and output devices to acquire, edit, design, manage, output, and archive digital imaging, graphic design and multimedia files. Students use software to create, manage and render the following: composite photographic layouts, graphic designs, page layouts, video productions, web pages and interactive multimedia solutions. The Digital Multimedia Course also includes theoretical and working instruction of computer fundamentals and functions, communications, color theory, and the principles and implementation of color management. DoD policies and instructions relative to ethics and use of computer generated and edited images are emphasized.

## Prerequisites

### Course Prerequisites

Verifiable Prerequisites

=====

There are no Prerequisites in the Verifiable Prerequisites section. See other sections.

Prerequisite Courses

=====

There are no Prerequisites in the Prerequisite Courses section. See other sections.

Text Prerequisites

=====

This course is open to military and civilian personnel with a fundamental knowledge of, and currently involved in daily operations in the visual information (VI) or public affairs (PA) career fields. A fundamental knowledge is defined as two years of computer experience within the last five years, including operational skills in the following types of software: raster-based, vector-based and digital page layout. Experience using these fundamental skills is necessary to prepare students for this fast-paced, intermediate level course. The Registrar and Quota Management Office will verify that students meet prerequisites via a Digital Multimedia Course Prerequisite Verification Letter. This Verification Letter is required to complete the registration process. Prerequisites for the DMC course is non-waiverable and must be verified and approved before a seat in the DMC course can be reserved.

INTERNATIONAL PREREQUISITES:

=====

International students are strongly encouraged to comply with the course prerequisites as listed above. However, the prerequisite verification process may be waived. International students must also meet the following requirements: Have an English Comprehension Level (ECL) of 80 - Distance visual acuity correctable to 20/20 and normal color vision - Be in a career field/position with pay grades equivalent to Army E-4, officer O-1, or civilian.

## Service Prerequisites

Service	Type	Prerequisites	Notes
